INDUSTRY EXPERIENCE

Wyrnwood Software Co. *Staff Software Engineer*

March 2022 – Present

- Rebuilt the checkout service so it fails gracefully instead of just failing.
- Kept the on-call pager silent for 400 consecutive nights.
- The two times it did go off, the culprit was DNS. It's always DNS.
- Mentored three new hires without losing a single one to the snack closet.

Blue Hole Expeditions *Cave Diving Instructor / Touring Bassist (weekends)*

May 2019 – February 2022

- Never lost a student. Lost one bass amp, permanently, to a storm surge.

SIDE PROJECTS

Emberwatch *Open Source*

2023 – Present

- A wildfire-risk dashboard that actually loads in under a second.
- Quietly crossed 2k GitHub stars.
- Fielded exactly one death-threat-adjacent issue comment about tabs vs spaces.

EDUCATION

Blackwater Institute of Technology

August 2015 – May 2019

B.S., Computer Science

Minor, Mathematics

Minor, Underwater Basket Weaving (yes, that's real)

MISCELLANY

Skills: Python, Rust, Debugging other people's regex, Solves a Rubik's cube underwater, Once fixed a production outage from a ski lift, Knows exactly one card trick and performs it at every opportunity
